A Must See for Girls of All Ages!

Girls Only - The Secret Comedy of Women is a hilarious new hit about two women discovering their childhood diaries and the sweet, awkward, embarrassing and heartwarming stories they inspire. A combination of sketch comedy, improvisation and musical numbers – with a little audience participation thrown in – *Girls Only* is the perfect way to celebrate all things girly. **Don't miss what the Denver Post calls "truly brilliant!" and The Rocky Mountain News called "raucously funny!" "I was grinning until my cheeks hurt!" says Westword.**
